Remarks regarding the storage

For craning out / in, 50% discount with winter storage

Winter storage is included:

- Rent ship's trestle
- Hosing down the underwater hull
- Use of electricity, air & light for light work
- Cover with foil for ship inside

Winter storage is excluding labor wages with regard to:

- Laying and setting of the mast
- Dismounting and rigging with regard to the sails
- Disassembly and assembly of pipe hoods, wheel posts, etc. for storage due to a maximum height 6 meters.

The storage season runs from October 1 to April 1.

Launch of ship in consultation, in connection with first in hall is last out of hall. Pick up the ship max. 2 days after ready.

They agree to regulations of the yard, which hang for publication in the reception hall and can be requested at the office.

We would like to receive your reservation in writing by means of an application form by post or email.

The wages are € 65 per hour.

All the above prices are in euros excluding VAT.

KM Yachtservice acts in accordance with the NJI conditions and the yard's regulations, which can be sent on request..
